- **Relevant Coursework:** Data Structures, System-Level Programming, Computer Organization and Programming, Database Systems, Web Programming, Operating Systems

EXPERIENCE

Muslim Interscholastic Tournament | Graphic Design Coordinator   **Sep 2022 – Present**

- Designed flyers, created a promotional marketing plan, managed social media outlets, and designed merch.
- Managed over 4,000 followers across various social platforms, creating engaging content.
- Captured event moments and promotional photos to support marketing campaigns.

Chowmill | Social Media and Content Creator   **June 2022 – Aug 2022**

- Developed a promotional marketing plan to increase brand visibility and engagement.
- Designed visually appealing flyers to support marketing campaigns and attract potential customers.
- Managed and optimized social media accounts, creating content to engage followers and grow the online community.

ILM Academy | Business Office Assistant   **June 2021 – Present**

- Entered information into a school database to keep CRM and HRM system records accurate and up-to-date.
- Helped with data entry in Excel to organize school information effectively.
- Assisted with parent communication through phone calls and emails.
- Mentored student development in Science Olympiad.

ILM Academy | Content Designer   **June 2021 – Present**

- Designed yearbooks, educational learning materials, eye-catching flyers, and promotional videos.
- Executed photography sessions for graduation ceremonies, yearbook compilations, and school events, ensuring high-quality imagery and lasting memories.

PROJECTS

Recipes Around The World | GSU   **Mar 2024 - May 2024**

- Partnered with a team of three to create a recipe website, channeling a mutual enthusiasm for cooking and focusing on helping users explore a wide range of recipes from different cuisines.
- Crafted a responsive and visually appealing user interface using HTML and CSS, and developed backend features with PHP and MySQL Workbench, implementing password hashing for secure data management.
- Designed and constructed a relational database using MySQL Workbench, establishing tables for Users, Recipes, and Cuisines. Implemented SQL queries to support user features like liking recipes and receiving tailored recommendations.

LEADERSHIP EXPERIENCE

MIST Atlanta | Atlanta, GA   **May 2022 - Present**
Youth Leader

- Mentored high school students for the MIST Tournament and established a culture of professionalism, spiritual development, and communal service.
- Hosted an event with sports, academic, and personal talent for 300+ high school students.
- Worked alongside hundreds of volunteers and high school teams.
- Fostered connections with students from various age groups across Metro Atlanta, serving as a supportive role model to peers.
